

# Chapter 1: An Introduction to Computer System

- Q1.** What is a computer system?
- Q2.** List the different types of computers available in the market today.
- Q3.** List the major hardware components of a computer system.
- Q4.** Mention some key software required by an Office computer.
- Q5.** Mention some common areas of computer application.
- Q6.** Elaborate the working of a computer with the help of an analogy.
- Q7.** What are the different features of a computer?
- Q8.** List some limitations of a computer.
- Q9.** What is technological convergence? Explain 3Cs of technological convergence.
- Q10.** List the types of technological convergence.
