Chapter 1 ■ Introducing Microsoft Word 2010 1

Exploring the New Features of MS Word 2010 2
Starting MS Word 2010 5
Exploring the MS Word 2010 User Interface 6
- File Tab 7
- Quick Access Toolbar 8
- Ribbon 9
- Minimize Button 9
- Maximize Button 10
- Close Button 10
- Command Tabs 10
- Contextual Tab 10
- Command Sets 11
- Dialog Box Launcher 11
- Key Tips 11
- Enhanced Screen Tips 11
- Mini Toolbar 12
- Live Preview 12
- Zoom Controls 13

Working with Ribbon 14
- Exploring the Ribbon 14
- Customizing the Ribbon 20

Creating a New Document 26
- Creating Document Using a Blank Template 27
- Creating Document Using an Online Template 29

Saving a Word Document 30
- Saving as a Word 97-2003 Document 32
- Saving Document as a PDF File 32

Opening an Existing Document 33
Closing a Document 35
Using the Help Feature 35
Exploring Word 2010 Options 36
- General Tab 37
- Display Tab 37
- Proofing Tab 38
- Save Tab 39

Language Tab 39
Advanced Tab 40
Customize Ribbon Tab 41
Quick Access Toolbar Tab 42
Add-Ins Tab 43
Trust Center Tab 43
Quitting MS Word 2010 44
Summary 44

Chapter 2 ■ Working with Text in MS Word 2010 45

Adding Text in a Document 46
Adding Text by Inserting Text Boxes 46
Selecting the Text 48
Editing Text in an MS Word 2010 Document 49
Cutting, Copying, and Pasting Text 49
Finding and Replacing Text 51
Aligning Text 55
Adjusting Character, Line, and Paragraph Spacing 55
Setting Character Spacing 56
Setting Line Spacing 57
Setting Paragraph Spacing 59
Inserting the Current Date and Time in a Document 60
Creating Bulleted and Numbered Lists 61
Using Bookmarks 63
Applying Text Formatting 65
Changing the Font and Font Size of Text 65
Applying Font Style 67
Applying Font Effects 69
Changing the Color of Text 71
Highlighting the Text 72
Copying and Clearing Formatting 73
Applying Paragraph Formatting 74
Setting Indent for Paragraph 74
Adding a Paragraph Border 75
Checking for Formatting Inconsistency 76
Setting Tab 78

Adding WordArt 80
Remove the WordArt 82
Creating and Editing Hyperlink 82

Inserting and Editing Equation 85
Inserting Special Characters in a Document 88
Working with Styles 89
Applying a Built-In Style 89
Creating a New Style 91
Modifying a Style 92
Removing a Style from the Quick Style Gallery 95
Summary 98

Chapter 3 ■ Working with Page Layout and Design 99

Changing the Page Background 100
Applying Background Color 100
Applying Built-In Watermark 102
Creating and Applying Custom Watermark 104
Applying Themes 106
Changing the Page Setup 110
Applying Vertical Alignment on the Page 110
Setting the Page Margins 111
Changing the Page Size 112
Changing the Page Orientation 113
Splitting the Text on a Page into Columns 114
Adding Line Numbers 115
Inserting Page Breaks and Section Breaks 115
Adding a Page Border 118
Inserting Cover Page in a Document 119
Working with Headers and Footers 121
Inserting Header and Footer in a Document 121
Saving Selection to Header and Footer Gallery 126
Changing Document Views 127
Summary 130

Chapter 4 ■ Working with Graphical Objects and Tables 131

Working with Pictures 132
Inserting a Picture 132
Adding a Border to a Picture 133
Removing the Background of a Picture 135
Enabling Gridlines in a Document 136
Working with Clip Arts 137
Inserting Clip Art 137
Cropping a Clip Art 139

Working with Shapes 140
Inserting a Shape 140
Adding Text to a Shape 142
Adding Effects to a Shape 143
Moving a Shape 144
Working with SmartArt Graphics 145
Inserting a SmartArt Graphic 145
Modifying a SmartArt Object 148
Performing Advanced Operations on Graphical Objects 152
Cropping a Picture 152
Applying Styles to a Picture 153
Applying Artistic Effects to a Picture 154
Modifying the Color of a Picture 155
Changing the Brightness and Contrast of a Picture 156
Setting Height and Width of a Picture 158
Changing the Position of an Object 158
Aligning Objects 159
Grouping Objects 161
Wrapping Text 162
Rotating and Flipping an Object 163
Working with Tables 165
Inserting Table 165
Inserting Rows and Columns to an Existing Table 170
Changing Rows Height and Columns Width 171
Removing a Column and a Row from a Table 172
Changing Table Style 173
Adding Border and Shading 174
Merging Cells in a Table 176
Splitting a Cell in a Table 177
Splitting a Table 178
Converting Text to Table and Table to Text 179
Changing Cell Margins and Cell Spacing 182
Sorting a Table 185
Adding Formula in a Table 186
Summary 188

Chapter 5 ■ Proofreading a Document 189

Proofreading an MS Word 2010 Document 190
Performing Spelling and Grammar Check in an MS Word 2010 Document 190
Exploring the Research Task Pane 192

Using the Thesaurus Command in an MS Word 2010 Document 194
Translating Text in an MS Word 2010 Document 194
Setting the Default Language in an MS Word 2010 Document 196
Using the Word Count Feature in an MS Word 2010 Document 198
Working with the AutoCorrect Optionin an MS Word 2010 document 199
Disabling Grammar and Spell Checking in an MS Word 2010 Document 201
Inserting Frequently Used Text Automatically in an MS Word 2010 Document 202
Restricting Editing in an MS Word 2010 document 204
Inserting and Removing Comments from an MS Word 2010 Document 205
Tracking Changes in an MS Word 2010 Document 207
Accepting and Rejecting Changes in an MS Word 2010 Document 208
Comparing and Combining Documents 210
Comparing Documents Side by Side in MS Word 2010 210
Combining Different Versions of a Document into Single Document 212
Checking for Issues in a Document before Distributing 215
Assigning Keyboard Shortcuts in MS word 2010 218
Protecting a Document from Unauthorized Access 220
Summary 222

Chapter 6 ■ Using Mail Merge and Creating Macros 223

Using Mail Merge 224
Setting the Environment for Mail Merge 224
Adding and Editing Recipients 226
Inserting Merge Fields 229
Previewing and Finishing Mail Merge 232
Creating Envelopes 233
Exploring Macro 236
Creating a Macro by Using Button 236
Creating a Macro by Using Keyboard 238
Running a Macro 239
Summary 240

Chapter 7 ■ Referencing in MS Word 2010 241

Working with Table of Contents 242
Adding a Built-in Table of Contents 242
Adding a Custom Table of Contents 244
Updating and Removing a Table of Contents 246
Working with Footnotes and Endnotes 248
Inserting a Footnote and an Endnote 248
Navigating between Footnotes or Endnotes 250

Changing the Note Reference Mark 251
Working with Captions and Table of Figures 252
Inserting a Caption 253
Inserting a Table of Figures 255
Working with Citations and Bibliography 257
Inserting a Citation Source 258
Editing a Citation Source 259
Managing the Citation Sources 260
Inserting a Bibliography 261
Working with Indexes 263
Marking an Entry for an Index 263
Inserting an Index 265
Summary 266

Chapter 8 ■ Preparing and Printing Documents 267

Preparing a Document for Distribution 268
Setting the Document Properties 268
Inspecting a Document 271
Running Compatibility Checker 273
Marking a Document as Final 274
Printing a Document 276
Previewing a Document 276
Setting Print Options 277
Summary 278

Chapter 9 ■ Sharing a Document 279

E-Mailing a Document as Attachment 280
Saving Document to the Web 281
Publishing a Document as Blog 284
Summary 288
