Table of Contents:

1. Motivation for Big Data

2. Hadoop Concepts

3. Getting Started with the Hadoop Framework

4. Hadoop Administration

5. Basics of MapReduce Development

6. Advanced MapReduce Development

7. Hadoop Input Output

8. Testing Hadoop Programs

9. Monitoring Hadoop

10. Data Warehousing using Hadoop

11. Data Processing using Pig

12. HCatalog and Hadoop in the Enterprise

13. Log Analysis using Hadoop

14. Building Real-Time Systems using HBase

15. Data Science With Hadoop

16. Hadoop in the Cloud

17. Building a YARN Application

18. Appendix A

19. Appendix B

20. Appendix C
