INTRODUCTION	xi
CHAPTER 1: INTRODUCING VISUAL C# 2005	1
Introduction to the .NET Framework	3
Components of .NET Framework.....	4
What's New in Visual C# 2005?	6
New Productivity Features in Visual C# 2005	6
Visual C# 2005 Language Improvements	6
The Visual C# 2005 Keywords.....	7
Technologies used in Projects Development	8
Building C# 2005 Applications	8
Solutions and Projects	8
File Extensions used in Visual C# 2005	9
Namespaces	10
Debug and Release Versions	10
The Visual C# 2005 Integrated Development Environment	12
The Start Page.....	13
The Menu System	13
Toolbars	14
The New Project Dialog Box	14
Graphical Designers	14
Code Designers	15
IntelliSense	16
The Object Browser.....	17
The Toolbox	18
The Solution Explorer	19
The Class View Window	20
The Properties Window	20
The Dynamic Help Window	21
Component Trays	22
The Server Explorer	23
The Output Window	23
The Task List.....	24
The Error List	24
PROJECT I: NOTEPAD PLUS	
CHAPTER 1: CASE STUDY: NOTEPAD PLUS	29
SDLC of the Project	32
The Requirement Analysis Phase.....	32

iv C# PROJECTS

The Software Design Phase	33
The Development Phase.....	34
The Testing Phase.....	35
Implementation and Maintenance	35
CHAPTER 2: WRITING AREA MODULE	37
Creating the NotepadPlus Project	39
Designing the ChildForm.cs.....	43
Developing and Understanding the code of ChildForm.cs.....	48
Adding Namespace	48
Working with ContextMenuStrip Control	49
Closing ChildForm.....	51
CHAPTER 3: MAIN WINDOW MODULE.....	55
Adding ParentForm.cs to the Notepad Plus project.....	57
Designing ParentForm.cs Form	59
Designing Tool Strips.....	70
Designing Status Strip	76
Developing and Understanding the code of ParentForm.cs	77
Importing Namespace	77
Initializing ParentForm	78
Loading ParentForm	79
Working with File menu	83
Working with Edit menu.....	90
Working with View menu	92
Working with Format menu.....	93
Working with Windows and Help menus.....	97
Working with Standard Toolbar.....	100
Working with Formatting Toolbar.....	101
CHAPTER 4: FIND AND REPLACE MODULE.....	109
Designing the Find tab.....	117
Designing the Replace tab	118
Designing the Go To tab.....	119
Developing and Understanding the code of FindBox.cs	120
Initializing the FindBox.cs	121
Working of Find tab.....	122
Working of Replace tab.....	124
Working of Goto tab.....	126
Adding Code for Find, Replace, and Go To options of Edit menu	127
PROJECT II: INSTANT CHAT	
CHAPTER 1: CASE STUDY: INSTANT CHAT	131
SDLC of the Project	134
The Requirement Analysis Phase.....	134

The Software Design Phase	134
Designing the Back End Database	136
The Development Phase.....	139
The Testing Phase.....	139
The Implementation and Maintenance Phase.....	139
CHAPTER 2: ESSENTIALS TO THE PROJECT	141
Creating Project – InstantChat.....	143
Inserting various Windows forms to the InstantChat project	145
Adding and Creating a Class File	148
Creating a User Control	149
Adding the Reference of OnlineContact.dll in Instant Chat Project	155
CHAPTER 3: DEVELOPING LOGIN MODULE	159
Designing the Network Setting Form.....	161
Developing and Understanding the code of NetworkSetting.cs	164
Setting IP Address of the Server	165
Designing the Login.cs Form.....	166
Understanding the Code of Login.cs	170
Authenticating User	170
CHAPTER 4: DEVELOPING ADMIN MODULE PART - I	179
Designing the AdminStatus.cs Form.....	181
Designing the NewUserInfo.cs Form.....	186
Developing and Understanding the Code of NewUserInfo.cs.....	190
Creating New Users Account	191
Designing the AllUsers.cs	195
Developing and Understanding the Code of AllUsers.cs	199
Showing All Details of Users	201
Navigating the user details	201
Logout from the Instant Chat	204
Designing the DeleteUsers.cs Form.....	205
Developing and Understanding the Code of DeleteUsers.cs.....	208
Showing All Users	210
Searching User Information	210
Deleting User Information	212
Designing the UpdateUsers.cs Form	216
Developing and Understanding the Code of UpdateUsers.cs	220
Viewing All Users Details.....	221
Updating User Information.....	222
CHAPTER 5: DEVELOPING ADMIN MODULE - II	229
Designing the AddContact.cs Form.....	231
Developing and Understanding the code of AddContact.cs.....	234
Adding User’s Login Name to Buddy List	235

vi C# PROJECTS

Designing the RemoveContact.cs Form	239
Developing and Understanding the Code of RemoveContact.cs	241
Removing User's Login Name from Buddy list	242
Designing of SelectContact.cs	246
Designing of the SendMessage.cs Form	249
Developing and Understanding the Code of SendMessage.cs	251
Sending Text Messages to user	252
Receiving Text Messages from User	255
Designing of OfflineMessages.cs Form	257
Developing and Understanding the Code of OfflineMessages.cs	259
Receiving Offline Messages	260
Developing and Understanding the Code of AdminStatus.cs	261
Showing NewUserInfo.cs Form	268
Showing AllUsers.cs form	268
Showing DeleteUsers.cs form	269
Showing UpdateUsers.cs form	269
Sending Message	269
Opening AddContact.cs form	271
Opening RemoveContact.cs form	271
Logout from Instant Chat	271
Exit from Instant Chat	273
CHAPTER 6: DEVELOPING USER MODULE	277
Designing the ChangePassword.cs form	279
Developing and Understanding the code of ChangePassword.cs	282
Changing Password	283
Designing of the UserStatus.cs form	285
Developing and Understanding the Code of UserStatus.cs	290
Logout from Instant Chat	297
Exit from Instant Chat	299
PROJECT III: AIRLINE TICKET RESERVATION SYSTEM	
CHAPTER 1: CASE STUDY: AIRLINE TICKET RESERVATION SYSTEM.....	305
SDLC of Airline Ticket Reservation System	309
The Requirement Analysis Phase	309
The Software Design Phase	310
The Development Phase	313
The Testing Phase	314
The Implementation and Maintenance Phase	314
CHAPTER 2: DEVELOPING LOGIN MODULE	315
Designing the Login Form	317
Developing Global Class	321
Customizing the code for the Login Form	322
Describing the Change Password Form	325

Designing the Change Password Form	325
Describing the Main Form of the Airline Ticket Reservation System	332
Understanding the code for Main Form	336
Designing the menus of the Main form	338
CHAPTER 3: DEVELOPING ADMIN MODULE	345
Sector Details Form	347
Designing of Sector Details Form	348
Customizing the Code of Sector Details Form	353
Flight Details Form	364
Designing of Flights Details Form	364
Customizing the Code of Flight Details Form	370
Scheduled Flights Form.....	380
Designing of Scheduled Flights Form	380
Customizing the Code of Scheduled Flights Form.....	386
Confirmed Passengers' Details Form	396
Designing the Confirmed Passengers' Details Form.....	396
Understanding the Code for Confirmed Passengers' Details Form	398
Overbooked/Waiting list Passengers' Details Form.....	399
Designing the Overbooked/Waiting list Passengers' Details Form	399
Understanding the Code of Overbooked/Wait list Passengers' Details Form	401
Daily Collection Details Form.....	403
Designing the Daily Collection Details Form.....	403
Customizing the Code for Daily Collection Details Form	405
New Login ID Form.....	406
Customizing the Code for New Login ID Form.....	409
Update or Delete ID Form	411
Customizing the Code for Update or Delete ID Form	414
CHAPTER 4: RESERVATION MODULE - I.....	417
Designing the Reservation form	419
Understanding the Code of Reservation form	429
Checking the Seats Availability	430
Selecting the Radio Button Options.....	433
Defining various Functions.....	434
Saving the Reservation Details.....	435
Designing Print Ticket Form.....	440
Understanding the Code for the Print Ticket Form.....	442
Printing the Ticket	444
Closing the Print Ticket Form	445
Cancelling the Reservation Process	445
Going Back to the Main Form	446

CHAPTER 5: RESERVATION MODULE - II.....	447
Designing the Cancel Reservation Form.....	449
Understanding the Code for Cancel Reservation Form	458
Retrieving the Details of the Passenger.....	459
Defining Functions	460
Cancelling the Reservation	461
Print Refund Receipt Form	464
Understanding the Code for Print Refund Receipt Form	466
Printing the Refund Receipt.....	467
Closing the Print Refund Receipt Form	469
Going Back to the Main Form	469
PROJECT IV: CUSTOMER RELATIONSHIP MANAGEMENT	
CHAPTER 1: CASE STUDY: CUSTOMER RELATIONSHIP MANAGEMENT (CRM)	473
Describing the Business Case.....	475
SDLC of the CRM Application	476
The Development Phase.....	482
CHAPTER 2: DEVELOPING LOGIN MODULE	485
Designing the Login Form.....	487
Understanding the code of Login Form	489
Authenticating User.....	489
Registering New Customer	492
Enabling New Customer Button.....	492
Customer Registration Form	494
Designing Customer Registration Form	494
Understanding the Code for Customer Registration Form	496
Initializing the Customer Registration Form.....	497
Submitting Customer Details	498
Resetting Fields.....	502
Cancelling the Registration Process	503
CHAPTER 3: DEVELOPING CUSTOMER MODULE.....	505
Designing the Customer Form.....	507
Customizing the Code for the Customer Form	509
Adding Services to Shopping Cart.....	510
Implementing a Shopping Cart	512
Designing the Shopping Cart Form.....	512
Customizing the Code for the Shopping Cart Form.....	513
Cancelling the Purchasing Process	516
Making Payment for the Services.....	516
Payment Details Form	517
Designing the Payment Details Form	517
Customizing the Code for the Payment Details Form.....	519

Submitting Payment Details.....	521
Cancelling Payment Process.....	524
View Shopping Cart.....	525
Registering Complaints.....	525
Complaint Registration Form.....	526
Designing the Interface of the Complaint Registration Form.....	526
Customizing the Code for the Complaint Registration Form.....	527
Submitting the Complaint.....	529
Cancelling the Complaining Process.....	531
Logging out the Application.....	532
CHAPTER 4: DEVELOPING ADMINISTRATOR MODULE.....	533
Designing the Administrator Form.....	535
Understanding the Code for Administrator Form.....	537
Assigning the Task.....	540
Employees' Task Details.....	541
Employees' Task Details Form.....	541
Designing the Employees' Task Details Form.....	541
Understanding the Code for Employees' Task Details Form.....	542
Entering New Service.....	544
Service Entry Form.....	544
Designing the Interface.....	544
Understanding the Code for Service Entry Form.....	546
Submitting the Services.....	547
Cancelling the Service Entry Process.....	549
Entering New Complaints.....	549
Complaint Entry Form.....	550
Designing the Complaint Entry Form.....	550
Understanding the Code for Complaint Entry Form.....	551
Submitting the Complaints.....	552
Cancelling the Complaint Entry Process.....	555
Adding New Employees.....	555
Designing the Add New Employees Form.....	556
Understanding the code for the Add New Employee Form.....	557
Submitting the Details.....	558
Cancelling the Adding Employee Process.....	561
Update / Delete Employee.....	561
Designing the Update or Delete Employee Form.....	562
Understanding the code for the Update or Delete Employee Form.....	563
Updating the Employee Details.....	565
Deleting the Employee Details.....	566
Cancelling the Updation or Deletion Process.....	567
Logging out.....	567

x C# PROJECTS

CHAPTER 5: DEVELOPING EMPLOYEE MODULE 569
 Designing the Employee Form571
 Understanding the Code for Employee Form.....572
 Updating the Task Status 574
 Logging Out 576

PROJECT V: HUMAN RESOURCE MANAGEMENT SYSTEM

CHAPTER 1: CASE STUDY: HUMAN RESOURCE MANAGEMENT SYSTEM 581
 SDLC of the Project584
 Requirement Analysis 584
 Software Design 584
 The Development Phase..... 591
 The Testing Phase..... 593
 Project Implementation and Maintenance 593

CD CONTENTS..... 595
